**Pentax User Club 20% discount camera service scheme.**

One of many benefits of being a member of the Pentax User club is this special servicing scheme that we have set up with JP Service Solutions.

When you have your Pentax equipment serviced by JP Service Solutions you are eligible for a 20% discount off the cost of the service. This discount is applied before VAT and postage charges are added.

The discount will only be given if the coupon below is enclosed with your equipment when it is sent for repair and is only applicable if the equipment is sent direct to JP Service Solutions by a Pentax User club member. **Please DO NOT send equipment to the Pentax User office.**

When sending items by post please ensure that they are packed securely and remember to enclose a note stating as clearly as possible what's wrong with the equipment you are sending.

To take advantage of the 20% discount fill out and enclose the form below with your equipment and send to: **JP Service Solutions, Johnsons Photopia Ltd, Hempstalls Lane, Newcastle, Staffordshire ST5 0SW. Telephone: 01782 753350. Email: [pentaxservice@jpss.co.uk](mailto:pentaxservice@jpss.co.uk)**
